

2015 Bacterial Endotoxin Summit
Low Lipopolysaccharide and Endotoxin Recovery

Call for Abstracts

The 2015 Bacterial Endotoxin Summit (BES) is the 10th annual meeting in a series devoted to the dissemination of non-commercial, scientific information on various topics of interest to scientists interested in the Bacterial Endotoxins Test.

The theme for this year's meeting is "**Low Lipopolysaccharide and Endotoxin Recovery.**" To assure a broad range of input data, the program committee for this year's meeting is requesting that interested scientists submit abstracts for presentation. Representatives from FDA, USP, EP, JP and key industry opinion leaders will be invited to participate.

This year's BES will be held on September 14th and 15th of 2015 at the Renaissance Woodbridge Hotel in Iselin, NJ.

The submission deadline for abstracts is May 15, 2015. In your submission, please provide the following:

Title

Author(s) name(s)

Author(s) affiliation(s)

Primary Author(s) contact information

Please choose your preferred presentation format:
